"OUR TOWN"

If you get a longing now and then for the clean beauty of a New England town, for the rest and peacefulness you find there, for the feeling that the New England soil somehow holds the roots of all the America we know and love.....this belongs to you.

Cradled in the arms of the Berkshires lies our town of Shelburne Falls. This New England town is found where the fields are green and the air is as fresh as the air after an April rain. It is here that many famous historical landmarks are found. Here is also the famous Mohawk Trail, which many years ago was a path for the Mohawk Indians.

You are invited to come and visit our town, whether you are from near or far. But come during the winter season when the sky is just a little bluer, the air a little crisper, and the countryside a little more enchanting than the rest of the year. The slow dripping of the maple sugar into the tin buckets, the scurrying of little feet to school, and the silver ripple of a skater's laughter will be but a few enjoyable moments in your winter day. As the days pass you will learn to love our town for its beauty and its warmth, and you will want to recall again and again the sounds, the smells, and the scenery of our town.

Our Town ... **Shelburne Historical Society**

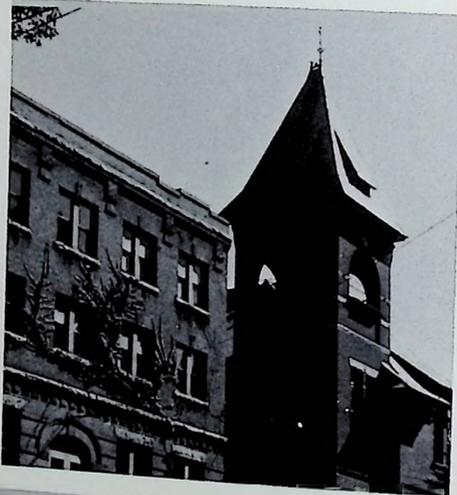

FOREWORD

The 1962 Arms Student is a mirror, reflecting the rich, rustic atmosphere of our bucolic New England town. Through these pages the excitement, satisfaction, anxiety, and joy of our years at Arms Academy are shown against the setting of Our Town. Although Our Town may be small, the warm feeling of friendship is a dynamic force, drawing the students together and giving us a kindred goal through the years. The students, faculty, and activities of Arms Academy combine in Our Town to make a colorful and contrasting image of everlasting value.

of Tradition and Progress ...

Dedicated to . . .

Shelburne Historical Society

This year we are proud to dedicate the ARMS STUDENT to you, Herbert S. Merritt, because of your unflinching efforts to make our years at Arms Academy more enjoyable and memorable. Your valiant attempts to instill in us a deeper understanding of the mysteries of mathematics will never be forgotten. May this book be a memento of your years here at Arms with us.

FACULTY

From Our Principal

Arms Academy for many years has produced outstanding students. These students have been active not only in State, National, and World Affairs but have accepted their responsibilities in the many communities served by the school. It is quite evident that this is a two-way street. When the community shows a great deal of interest in the local school--and this is reflected by its support--the student population returns to the community to serve as leaders and workers for the future.

We have been fortunate to have an understanding and cooperative relationship with the communities in this area. It is our hope and desire that this mutual endeavor will continue so that not only the school, but the communities as well will move on to bigger and better accomplishments.

THE SENIOR CLASS

Although the days of a senior rush by at a swift pace, the class of 1962 engaged in a wide number of extra-curricular activities, and enlivened the entire student body with that extra zeal that only a senior possesses. The graduating class directed and produced

an excellent class play, and was proud to have a football squad which staged a tremendous comeback, securing the top place in the league. Most important was the great pride and love of Arms Academy that the seniors will always have to fondly cherish.

THE JUNIOR CLASS

Nearing the end of their high school career, the Class of 1963 endeavor to make the most of their last two years both academically and socially. Several achievement tests, qualifying exams, and college boards are available to the juniors. Securing a driver's license through Drivers Education is the one accomplishment everyone anticipates during this year.

The first formal, the Junior Prom, is probably the most colorful social dance of the year. Here the entire class lends a hand towards refreshments, music, and decorations to turn out a highly laudable affair. All agree that the Junior year has been a happy and exciting one.

STUDENT COUNCIL

The Arms Academy Student Council has been in existence working for the students of Arms for many years. It is constantly striving to improve our fine high school. The representatives are serving to voice opinions on important school affairs where they will be heard and do the most good. This year a

formal induction of officers as a yearly function has been established.

Many useful projects and objects around the school have been procured or sponsored through the efforts of our Student Council.

This is healthy fun which develops good sportsmanship and cultivates minds while exploring the deeply interesting subjects. Thinking intelligently and quickly is an asset which aids in scoring victories.

ART CLUB

Under the skillful guidance of Mr. Shea, this year's art club has, for the first time, made and posted several colorful murals concerning proper dress, sportsmanship, and physical fitness. These were well received and well-liked by the entire student body as well as by the faculty. Other objectives of the club were the study of perspectives, various types of paints, and the figures of proportion. During the school year, new members were always warmly received.

CHORUS

The annual spring concert was the pleasing highlight of the year for the chorus. Under the experienced direction of Mr. Smithers and accompanied by pianist John Jacobs, the members sang a beautiful medley of songs. Anyone who enjoys singing can be a member of the chorus, and they can enjoy the feeling of accomplishment as they blend their voices to bring forth the melodious sounds of music.

THE SILVER

The Silver A pin is an emblem of out-standing character, attitude, loyalty, disposition, and co-operation. When a student of Arms Academy becomes a member of this society, he has attained the highest honor awarded by our school. Each year the Student Council awards the Silver A pin to twelve students who, by their fine example, have justly earned the respect of our entire faculty and student body.

DRIVER EDUCATION

Driver Education is restricted to the junior class members only. Under the direction of Mr. Palmeri, the juniors have class sessions for a period of weeks, and eventually put all the knowledge acquired into the actual driving. After the juniors receive their licenses, they merrily parade home to demonstrate their "long awaited" pink slips.

Booster Day Queen - Carol DuBuque

"Roll On to Victory"
 This year's Booster Day activities commenced with a Friday night rally, enlivened by the band, twirlers, cheerleaders, and football team. The evening was climaxed by the crowning of Carol DuBuque, our enchanting queen. Spirit and enthusiasm of students was portrayed in the colorful and various floats in the parade on Saturday morning. A memorable victory over Mt. Greylock left everybody in a jovial mood for the Booster Day dance that night.

A THLETICS

Football Fortunes Soar Sky-High

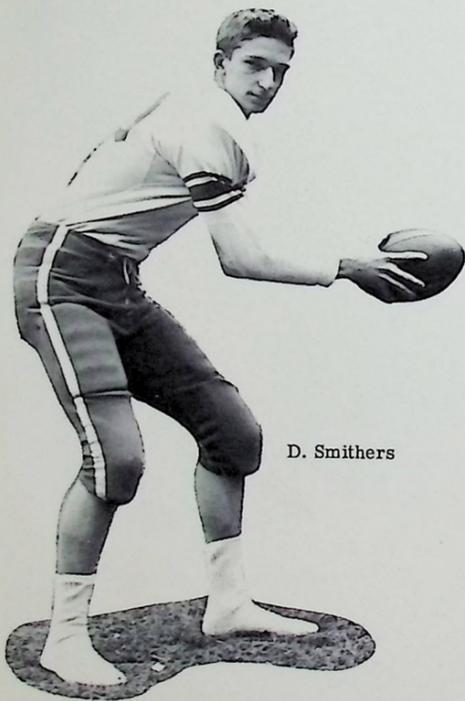

Preseverance and a flaming desire for success were the two elements the 1961 football team possessed. "Roll on to Victory" became not only a song but an authentic motto for the team members to follow. This attitude carried our boys to success--to secure the top place in the league with an unbeaten record. With excellent coaching from Mr. Piehl and Mr. Nason and strong leadership from the two co-captains, Jack Hoyt and Dave Smithers, the Arms football team triumphantly conquered every opponent who dared to challenge them. The dramatic display of teamwork and fortitude of this year's team will remain long in our memories as one of the brightest events of the year.

Hustling Seniors Spark Arms Attack

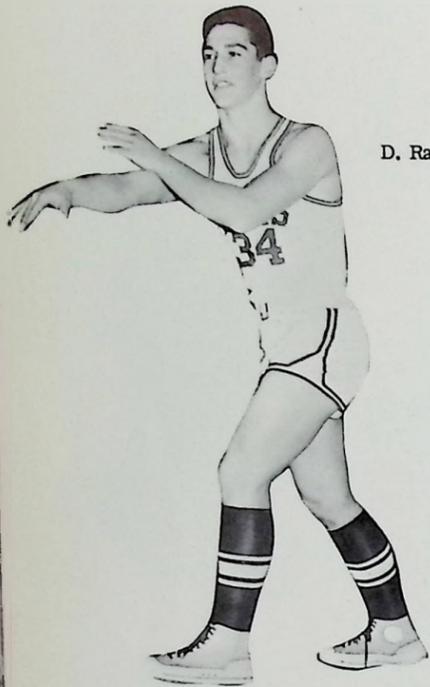

Excitement reigned high during the basketball season this year. Perseverance and a driving desire for success carried our boys over all obstacles.

Although some of the boys scored with high individual records, it was teamwork that really counted, sparked by the adept guidance of the coaches, Mr. Piehl and Mr. Nason.

FIELD HOCKEY

Attired in bright scarlet uniforms, this year's field hockey team presented a pretty picture every autumn afternoon out on the campus. Although victory was not always familiar to the girls, persistent practice and teamwork resulted in many close scores and the promise of an experienced and successful team for next year. Miss Brassard contributed greatly to the coaching and sage advising of the girls.

SOFTBALL

With Mrs. Mirick directing, the success of the girls' softball team was an excellent reflection on Arms Academy. Tedious hours of practice, team effort, and the school's support were the reasons for several of the girls' victories. A great deal of credit should be given these girls for the wonderful job they accomplished.

Malah Allen and Anne Looney

This year our cheerleaders have shown outstanding pep and vitality which have led our teams on to many a victory. Winning second place in the Western Mass. cheering tournament was one of the bright spots of the season. Team spirit and triumph go hand in hand. Therefore we owe our cheerleaders a big note of thanks for their part in making the Arms teams successful.

TICKET TAKERS

Serving as assistants at all football, basketball, and baseball games, the ticket-takers were loyal, charming, and helpful. Mr. Frude worked as the untiring advisor. Though due credit is seldom given to them during the year, the athletic affairs could not go on without the help of the ticket-takers. As a reward for taking tickets at more than half of the games, these girls receive a red and white service emblem at graduation time.

We congratulate you upon the completion of your High School course. Your diploma is a symbol of a wise investment in permanent values -- values that will be a sound foundation for continued growth, wherever you go, whatever you do.

Sometime in the future you will have a need for tools -- for your job, or your hobby, or home repairs. When this time comes, look for the Millers Falls Trade-mark -- the symbol of permanency of tools. Since 1868 we have constantly searched for better materials, designs, and finishes to give lifetime utility to the tools we manufacture. Given reasonable care, these tools will "season" in use, taking on a character all your own and will be lifetime friends known and proven by the work they perform.

For your choice of a lifetime -- choose Millers Falls.
